**Examiner's Statement of Reasons for Allowance**

***Response to Arguments***

Applicant's arguments, see Remarks, filed 9/23/2006, with respect to the 35 U.S.C. sections 101, 102, and 112 rejections have been fully considered and are persuasive. The rejection(s) of claims 1-50 has been withdrawn.

***Reasons for Allowance***

Claims 1-50 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art was not found to teach the claimed recovery process for a network node including sending dummy link state packets, as defined by the applicant, to neighboring nodes in order to solicit link state information that the network node uses to populate its link state database. As this process was not found in the prior art nor deemed obvious, the claims were determined to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
